Broadway and 157th Street,
New York, N.Y.

Dear Sir:-

Mrs. Harold Baker has very kindly spoken with you about the possibility of our obtaining for exhibit here some of your very cherished possessions.

We are particularly interested in the American Indian, the Colonial period and the Greek and Roman coins.

May we ask you to communicate with Mrs. Maurice Lenz, the chairman of our Permanent Exhibit here at the school?

Thank you.

Yours very truly,

Fallen J. Allen
PERMANENT EXHIBIT COMMITTEE,
Secretary.

Dear Mrs. Lenz:

This letter is in reply to a letter from Mrs. Klein, dated February 28th. I have delayed answering as I wished to take up the matter with our president. It has been a hard and fast rule with our Council that we can only make loan exhibits to either Museums or libraries that can furnish adequate protection. We did take up the matter a few years ago of making up a frame of cheap coins that could be shown to schools, but nothing further was ever done.

Very truly yours,

Curator
